Relevant Experience

Web Developer, Unplug Studio

Sept 2021 – Present

- ▶ Worked on developing React Web Apps in fast paced environments while focusing on writing maintainable, understandable code
- ▶ Developed and maintained code for client websites using HTML, CSS, Javascript and PHP
- ▶ Designed and developed Wordpress themes from scratch

Personal Projects

Timezoner

timezoner-liart.vercel.app

Full-stack web app that brings a delightful experience to organizing events between timezones. Built using firebase, next.js and designed in figma.

Spotify stats

[Demo](#)

A simple-to-use web app that lets you see general stats about you, such as Top Artists, Top Tracks, Top Albums and your Playlists using the Spotify API.

Hangman

hangman.androsoa3.repl.co

The classic Hangman game, now on browsers with keyboard support and sounds effect, built using react and the canvas API :)
